

COMP 590

Network Science

To do list:

1. Create the Java GUI for the “grid graph” Due: 2-27-15
2. Reach Chapters 1 and 2 in the “Mining the Social Web” Book)
3. Make sure your NetworkX is installed and you can program in it. Begin reading and implementing the code from the book “Social Network Analysis for Startups”
4. Modify (1) so we can visualize a random graph ( incorporating assignments 1 and 2)
5. Data mine with NetworkX, then visualize (Java GUI) and more to come...
